*and thanks to all HomeAid Atlanta and The Drake House donors and supporters. We deeply appreciate your continued support and dedication to ending homelessness.*

**The Drake House** The Drake House provides short-term crisis housing, education and empowerment programs for homeless mothers and their children in North Fulton County designed to assist the family in working toward self-sufficiency. Since opening in 2006, the organization has served 318 families with 592 children originating from the cities of Roswell, Sandy Springs, Alpharetta, Milton and Johns Creek. Our goal is to provide stability and support to each family in the hopes that they can regain housing independence in their own community.

**HomeAid Atlanta** is a nonprofit organization that builds new lives for homeless families and individuals through housing and community outreach. HomeAid works in partnership with the Greater Atlanta Home Builders Association, as well as community building industry organizations, to assist the temporarily homeless. To date, HomeAid Atlanta has completed 53 housing, remodel and care day projects at locations that serve victims of domestic violence, teen mothers, abused and abandoned children, and more.
